From the heart of Damascus The cradle of civilization, Guarantee Consulting unveils its most ambitious venture: Medica Scope 2026. This is not merely an exhibition; it is the first comprehensive medical showcase to blossom in Syria after a decade of war, a testament to resilience and renewal.

We believe in people as the ultimate capital. Drawing from a wellspring experience forged since 2008 in strategic planning, risk management, and human development we are investing in our legacy of trust. Today, we channel this expertise into a new icon: Medica Scope 2025.

We are weaving together a tapestry of high-end promotion, pioneering scientific conferences, and immersive practical workshops, in concert with international universities and platforms where knowledge, technology, and application converge connect.

More Than an Exhibition: A Catalyst for Leadership Medica Scope 2025 transcends the traditional. It is a dynamic platform for exhibitors to inscribe their brands into a historic moment to be architects of the Syrian market's renaissance and position themselves as leaders in a landscape ripe with promise.
